An important message...

In response to the death of George Floyd:

The actions I observed in the video footage were incredibly hurtful, and disturbing, and go against the most basic law enforcement principle of preservation of life. The blatant lack of compassion, disrespect, and use of excessive force does not only tarnish our badge, it tears at the very fabric of race relations in this country and around the world.

As a minority, law enforcement professional, and a leader of a department that represents a cultural organization that encourages diversity, unity, inclusion, and the celebration of human life, we will continue to stand for equality and justice. I can assure you that WCPD strives each and every day to build the trust of the community, the Tribe that we serve, and all those that we come in contact with. WE BELIEVE IN PEACE.
